| Profile | I will change the world. Why not change it together ? |
| Skills | <p>Programming: Qt/C++/Boost Development</p> <p>Web: HTML5, CSS3, jQuery, Symphony 2, Node.js, Ajax</p> <p>Databases: mySQL, Oracle, PL/SQL, Dynamic SQL</p> <p>Design: Web Design, UX Design, Web Usability, Photoshop, Illustrator, Indesign</p> <p>Language: English (Read, Written)</p> |
| Experience | <p>UX Designer, Selfi's – June 2015-Present</p> <p>« Selfi's » is an innovative startup currently sponsored by showroomprivée.com and the clothes company ElevenParis. I created it with my associate Morgan Coste who is working at SAP. I am creating the storyboard and mock-ups of the mobile application for the moment.</p> <p>Freelancer, Cuscom – June 2014-Present</p> <p>I am freelancer since June 2014 under the name of Cuscom for custom communication. Each letters symbolise a quality to perform a perfect website : Community, User Friendly, Secure, Creative, Optimised and Modular. I offer three packages to improve a company's brand image.</p> <p>Mobile Developer, BabyDoll – April 2015-June 2015</p> <p>BabyDoll is a ready-to-wear store for children located in Vitrolle, France. I had to define a new marketing strategy through a complete overhaul of their old mobile application. I got this job with a simple idea. Present a look instead of a single suit each day on their Facebook , Instagram and mobile application. Thanks to this the customer identifies with the look and clothes rather than buying one will want to buy all the look.</p> <p>Web Designer, Novostrat Ltd – 2014-2015</p> <p>Novostrat is an Ireland company specialised in insulation and packaging. I had to realise a documentation concerning their new products, design a sample box and create the new graphic of the website.</p> <p>Programmer, Novostrat Ltd – 2011-2014</p> <p>During three years i developed a C++ program with the Qt library in order to compute the price of each products and generate automatically an offer for a customer.</p> |
| Education | <p>2015 - DUT of Computer Science - Aix-Marseille University, 13100 Aix-En-Provence</p> <p>2014 - Scientific Bachelor, SVT Option - Saint Paul High School , 42100 Saint-Étienne</p> <p>2010 - GCSE - Saint François Régis Middle School, 42660 Saint-Genest-Malifaux</p> |
